THE CLASS
of 1961

PRESENTS THE

AQUILLO

NORTH EAST HIGH SCHOOL
NORTH EAST, PA.

F O R E W O R D

We, the editors of the 1961 AQUILO, on behalf of the Senior Class, proudly present to you this yearbook.

We hope you will enjoy it, both now and in the years to come, and may it always serve as a reminder of your years at North East High. We have tried to catch in words and pictures the idea of our high school years as one flight of stairs on the stairway of life. We have climbed many steps through the years, and we still have many to go . . . not merely the steps we climb to enter the front door; the steps we rush down to be first in the cafeteria line; or the steps we mount to receive our diplomas. Yes, these are important stairways; yet do we ever stop to think that with every year, every phase of school life, we are climbing higher on a much more important stairway . . . the stairway of life.

DEDICATION

MR. MacTARNAGHAN

To Harold MacTarnaghan, our sincere instructor: for the cheery smile and the friendly words that are always present; for his vast knowledge and the constant study that he has done in his field; for the feeling of accomplishment and discovery he has added to his classes; for instilling in us the incentive to make our futures better ones; for being a truly outstanding teacher and a friend to all; we, the Senior Class of '61, take great pride in dedicating our yearbook.

In Memoriam

MR. WILKINS

Last fall the teaching staff and student body of North East High School experienced deep sorrow at the loss of Billy Wilkins, Guidance Counselor of the high school. Under Mr. Wilkins' supervision many undecided students found and set their goals for the future. The members of the student body of N.E.H.S. who came to know Mr. Wilkins found him to be a congenial, understanding individual with a kind word always ready for the troubled mind. Mr. Wilkins successfully aided many students to find their goals and to establish objectives and definite purposes in life with his quiet man-to-man talks in the privacy of his office. The faculty and student body of North East High School will feel the loss of Billy Wilkins for many semesters as he was truly a memorable factor in the students' school life. Possibly this is the reason the students lovingly referred to him as "Father-away-from-home."

Administration

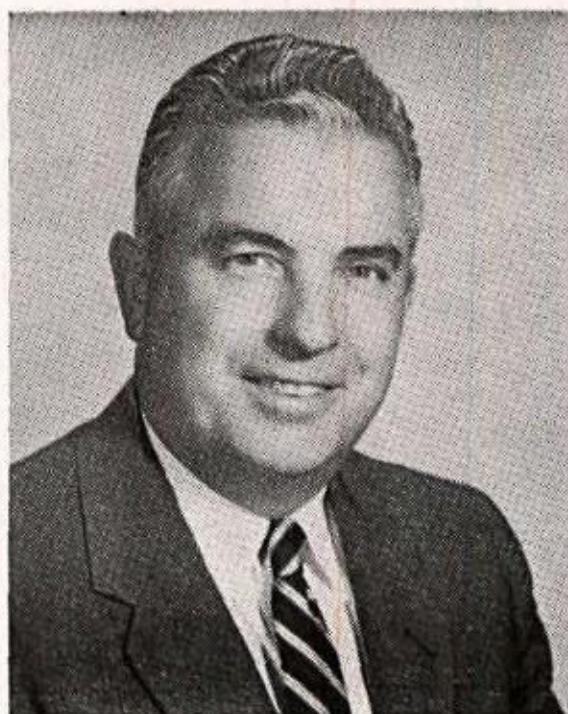

Congratulations, Seniors:

You have just completed your public schooling in a free and democratic land. Very few youth of your age in this world have had the privilege which you have just experienced. With every privilege that is given, there is an added responsibility, and I sincerely hope that the program which has been provided for you will assist you in being responsible Americans.

Good luck and best wishes to all of you, and God bless you in your endeavors in the future.

MATTHEW HOSIE

To the Members of the Class of 1961:

We are living in a world filled with tension, greed, and uncertainty. This condition, either directly or indirectly, governs the activities of all men. Those of us who are to succeed in a world such as this, must have unusual physical stamina, good judgment, and a well-rounded education. I sincerely hope that the twelve years spent in acquiring a high school education will help you overcome these obstacles. I thank each of you for your helpfulness, cooperation and loyalty. It is my hope that each of you may succeed in proportion to your ability and effort.

Sincerely,
E. C. DAVIS

To the Class of 1961:

Congratulations on the achievements of being a member of the graduating class of 1961. This rung on the ladder of education and life has been attained by sacrifice and hard work by you and your many friends throughout the years.

Life is made up, not of great sacrifices or duties, but of little things, in which smiles, kindnesses, and small obligations, given habitually, win and preserve the heart and secure comfort.

As you pass on to a richer and fuller life in new ventures, may you rely on the many friends you have made in each step and goal of life. May success be yours as you grow and strive to greater goals in the years ahead.

Honor Students

SUZANNE SWOAP

LARRY COOK

This year the two students who have maintained the highest scholastic average during their four years in high school are Suzanne Swoap and Larry Cook. Their hard-wrought efforts have been rewarded by the fact that they have received the highest honors any graduating senior can attain, leading their class as valedictorian and salutatorian, respectively. On the basis of this they were the student speakers at commencement on June 8, 1961. Suzanne and Larry have been a credit to their school and community.

National Honor Society

ROW 1—Judy Thurston, Linda Massey, Suzanne Swoap, Louisa Anderson, Kathleen Cantrell, Linda Weinheimer.
ROW 2—Harold Sherrieb, Phil Hopkins, Ricky Snyder, Pauline Wagner, May Fay Easley, Dave Maynard, Larry Cook.

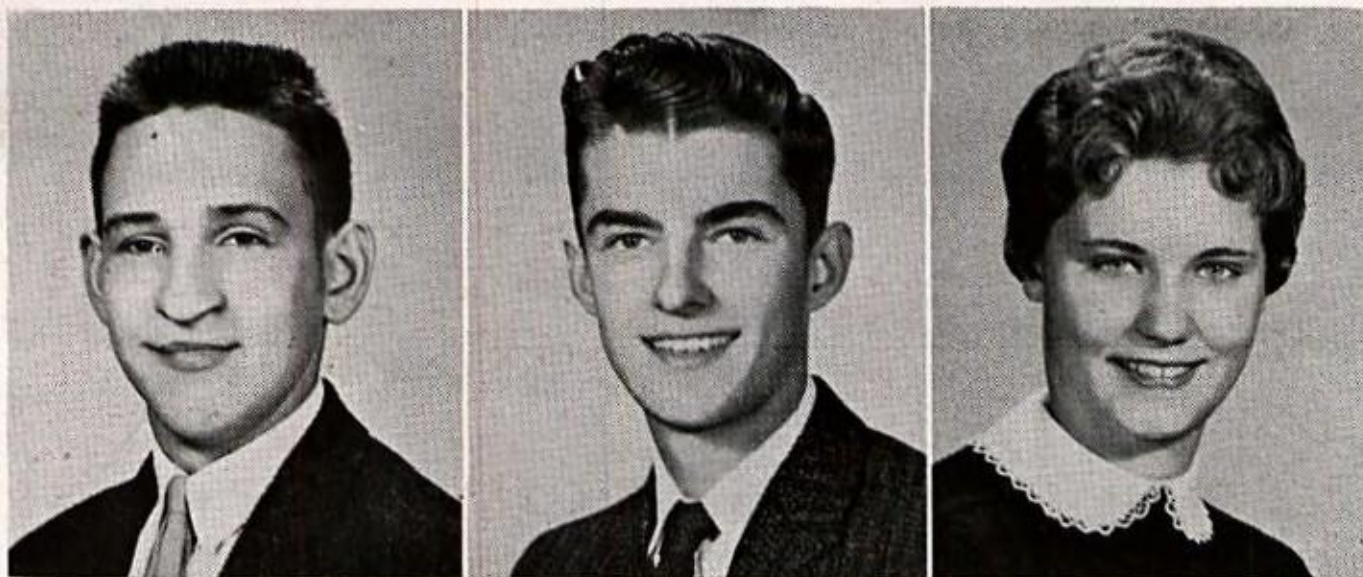

The highest honor our school may bestow on any student is membership in the National Honor Society. A high scholastic average of B or better for the first seven semesters, a good character, an ability for leadership, and a willingness to serve the school and others are the requisites for membership.

The purpose of the Society is to create enthusiasm for learning, to evoke a desire to serve others, to promote leadership, and to develop character of students of American secondary schools. The keystone, representing high ideals, and the flaming torch, representing the purpose to follow the light of truth, are the symbols of the Society.

Of the students eligible, a number equal to 15% of the graduating class are selected for membership. This year they are:

Louisa Anderson	Harold Sherrieb
Kathleen Cantrell	Ricky Snyder
Larry Cook	Suzanne Swoap
May Fay Easley	Judith Thurston
Philip Hopkins	Pauline Wagner
Linda Massey	Linda Weinheimer
David Maynard	

We offer congratulations to these students for their excellent and outstanding achievements. A program was arranged for them in mid-May and organized by members of the faculty.
